

May 23, 2014

Dear Potential Client,

We collaborated with Anick Gervais, motivational speaker for a girl's teen event in Chelmsford.

Anick is very **positive, professional and enthusiastic**. Her **focus is genuinely in helping the youth** in the community.

She is a successful speaker that compels the audience to make changes in their lives while being engaging and interacting with the audience. She presents her life experiences in a way that inspires, encourages, and stimulates her audience and supports what she says with many examples.

The **teens gained knowledge and skills and more importantly tools** to help them cope with the day to day challenges. They were made to feel that they were not alone.

During the creation of their vision board, Anick made a point to speak to each one individually and talk about their goals and aspirations sharing their enthusiasm.

Anick **inspired the young girls** and we have living proof on how she turned some of the teenagers' lives around. They are now so positive and want to volunteer in their community.

I would like to highlight that although the girls were able to leave at any time during our event, **every one of them stayed** until the very end AND afterwards. The energy was positive and they did not want the night to end. I know that some of them made it a point to attend another work shop where Anick was speaking at in the area. The feedback from the teenagers' parents was also quite positive. We continue to support the youth in our area by sponsoring some of them to attend other workshops presented by Anick by paying for their admission and ensuring they have transportation to and from the various locations.

The Chelmsford Community Action Network looks forward to having more events with Anick as the key note speaker.

Respectfully,

Joanne C. Charron
